4 year	42

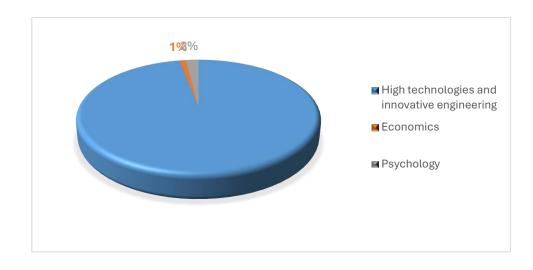

This data is used to determine student participation by year and to conduct statistical analysis. The responses per year help in evaluating the effectiveness of the course.

# **2.** The faculty (school) you are studying in :

This question aims to enable a comparative analysis of satisfaction levels across faculties.

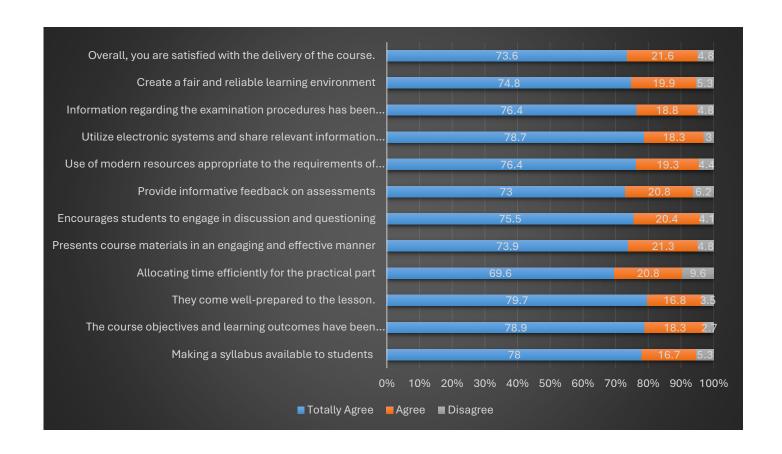

**3.** Course Evaluation Questionnaire

Through this questionnaire, students express their opinions on the instructor's teaching approach, clarity of explanation, preparedness, communication skills, and the relevance of the teaching materials.

"Responses are assessed using a three-point Likert scale with the options: 'Totally Agree', 'Agree', and 'Disagree'."

## **\$\$4** Finally, please evaluate your satisfaction with the instructor's teaching quality using the scale below:

Students' end-term feedback is required on the overall teaching quality of the instructor on a 10-point scale. This rating is intended to reflect the student's overall impression throughout the course.

Department of Finance and Accounting − Average Satisfaction Score
