Dean of the Faculty of Economics 2025 _____

SYLLABUS

General Information	Department	General Economics
	Faculty	Economics
	Specialization, code	
	Group No.	532 I (az)
	Education level	bachelor
	Form of education	apparent
	/Academic year/ Semester	2024-2025, 2nd semester
	Academic year	2025
	Academic semester	spring
Information about the subject	Subject name, code	Geoeconomics
	Number of credits	
	Teaching load (hours)	lectures, presentations, individual assignments, seminars, group projects
	Teaching methods	Azerbaijan
	Language of instruction	Geoeconomics
	Type of subject	
	Prerequisite subject/code	
Information about the teacher	Teacher's academic degree, academic title, honorary title, last name, first name, patronymic	Shukurlu Parvin Farhad oglu
	Teacher's email address	pervin.shukurlu@wcu.edu.az
	Teacher's contact number	+994 50 6362460
	Consultation hours	IV gün 11:00-13:00, Vgün 13:00-15:00
Description of the subject	<p>Geoeconomics is a scientific field that studies the structure and functioning of the world economy, as well as how the policies implemented by states affect this activity. After restoring its independence in 1991, the Republic of Azerbaijan began to exercise its sovereign rights in the economic sphere and pursue an independent policy. The main directions of this policy were the economic system created on the basis of various forms and integration into the world economy. The mastery of this subject</p>	

	by students will allow them to form as highly qualified economists.
The purpose of the subject	<ul style="list-style-type: none"> • During the teaching process, the study of geoeconomic strategy, the essence of geoeconomic strategy, modern geoeconomics, the oil and gas factor in geoeconomics, and the role of geoeconomic strategy in protecting national economic interests will be explained..
Learning outcomes of the subject	<ul style="list-style-type: none"> - Explanation of the theoretical and methodological foundations of the study of geoeconomic strategy; - Explanation of the oil and gas factor in modern geoeconomics and its interpretation in the context of international experience; - Explanation of the main vectors of Azerbaijan's geoeconomic strategy, etc.
Academic integrity	<p>Academic integrity - ensuring the originality of the work done, and sharing the ideas or findings of others by citing sources.</p> <p>Violations of academic integrity</p> <ol style="list-style-type: none"> 1. Plagiarism, 2. Copying, 3. Submitting all or part of a student's previous work, homework, or project in another class without citing the source, 4. Citing non-existent sources or creating a fake database, 5. Preparing course materials or assignments on behalf of other students, 6. Demonstrating behavior to gain unfair advantage (providing a sick note when not really ill, making false excuses for an extension of time, or for other purposes), 7. Taking an exam for someone else or having someone else take an exam for you.
Ethical behavior	Student-teacher relationships in the training process are based on high moral standards, national values, and business ethics.
