Questions

Questions:	Agree	Disagree
The subjects taught contribute to the development of essential knowledge and skills required in my field of study.		
I am satisfied with the use of practical examples related to the field by instructors during the lessons.		
Special attention is given to the development of foreign language skills (especially English) during training and courses.		
The knowledge and skills I have acquired during my studies enable effective communication and management in a professional environment.		
I believe that the major I have chosen is competitive and in demand in the labor market.
