

## **Results of teacher evaluation survey for the fall semester of the 2025/2026 academic year by departments.**

For the fall semester, a survey was conducted among students in order to assess the quality of teachers' teaching activities in the 2025/2026 academic year. The survey was prepared according to 9 main criteria and included the teacher's explanation of the lesson, the organization of the lesson, interaction with students, the relevance of teaching materials, the relevance of exams to the content of the subject and other important indicators.

For each question, the students were asked the following assessment scale:

- I don't agree at all
- I don't agree with it to some extent
- I don't agree or disagree
- I agree to some extent
- I strongly agree

The answers provided for each teacher were analyzed in general and the final assessment was determined based on the average result. Based on the results obtained, the teaching activities of the teachers were evaluated in the following categories:

- Very weak
- Weak
- Average
- Good
- Excellent

Note:

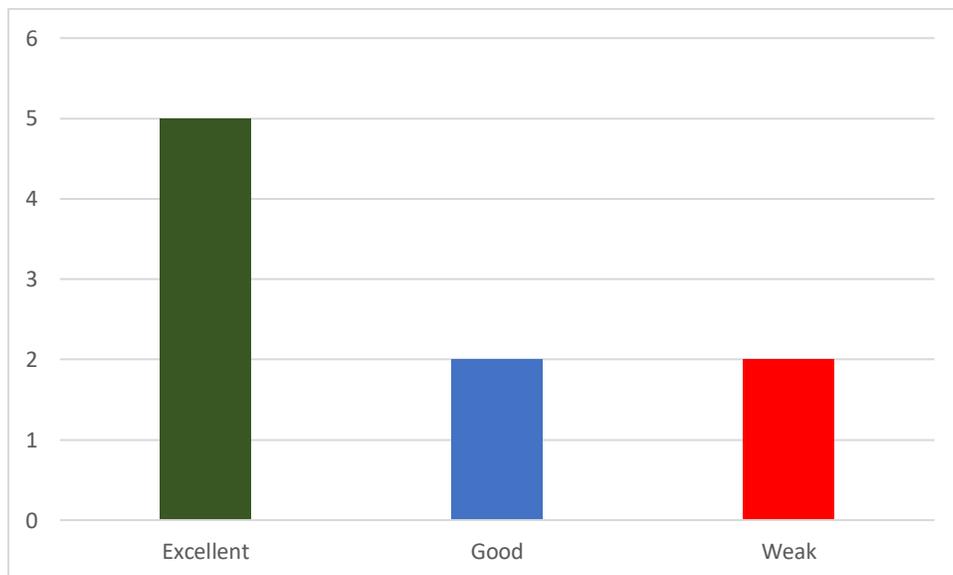

Teachers with low score are marked with **red** color.

Teachers with average score is marked in **yellow**

The results of the assessment are presented systematically.
