

		Western Caspian University Idiomatic English Syllabus on the subject	
Subject Code and Name		Semester	Credit
ATMF -BO5 Idiomatic English		IV	6

Description	
The language of the lesson	Azerbaijan
Level of education	Bachelor
Purpose	The course will help the students to improve their knowledge of idioms in English. Idioms are expressions whose meaning is not immediately obvious from looking at the individual words in the idiom. The students will come across a great many idioms when they listen and read English. So it is important to learn about the meanings of idioms and about how to use them.
Outcomes	<ol style="list-style-type: none"> 1) To understand the main point of view in the given language material. 2) Using the most essential idioms to expand and actively use the vocabulary related to a wide range of topics. 3) Being aware of the idioms as the main branch of phraseology, to improve productive skills such as listening and speaking. 4) To be able to put into the practice the most essential idioms in appropriate contexts.

Contents of the Course:
